

“ TRY SKINCEUTICALS PIGMENT REGULATOR,
WHICH HAS BEEN SHOWN TO BE AS EFFICACIOUS
AS PRESCRIPTION HYDROQUINONE ”

– HARPER'S BAZAAR

In “Complexion Perfection” in the November 2009 issue of HARPER'S BAZAAR, SkinCeuticals **Pigment Regulator** is featured as a must-have product for treating sunspots and other pigmentation marks. **Pigment Regulator** lightens and reduces existing hyperpigmentation, improves overall skin tone, and protects skin from future discolorations without the potentially harmful side-effects of harsh bleaching agents.
